Acusensus Hiring Team
Acusensus

Dear Acusensus Hiring Team,

I am writing to express my interest in the Graduate Software Engineer position at Acusensus, as advertised. With a strong background in Computer Science and a passion for leveraging technology to drive positive social impact, I am excited about the opportunity to contribute to your innovative team.

Having recently graduated with a Bachelor's degree in Computer Science, I am well-equipped with the technical skills required for this role, including proficiency in C#, Java, and C/C++. I am particularly drawn to Acusensus's mission of developing AI-enabled solutions to enhance road safety and reduce driving-related incidents. The chance to work with cutting-edge technologies such as AI at the edge and low latency radar aligns perfectly with my career aspirations.

I am impressed by Acusensus's commitment to fostering a collaborative and supportive work environment, as well as the emphasis on continuous learning and development through the structured Graduate Program. I am eager to learn from experienced team members, contribute to impactful projects, and grow both professionally and personally within your organization.

I believe that my strong programming skills, coupled with my enthusiasm for technology and dedication to making a difference, make me a suitable candidate for this role. I am confident that my background and skills align well with the requirements outlined in the job description.

I have attached my resume and academic transcript for your review. I look forward to the opportunity to discuss how my qualifications and experiences make me a strong fit for the Graduate Software Engineer position at Acusensus. Thank you for considering my application.

Warm regards,

Pritam Auddy
